FEATURE FILM

PRODUCTION (ROLE)	COMPANY	PROJECT DETAILS
PILGRIMAGE - Director	Savage Productions/IFB/Wrong Men	"Brendan Muldowney, the director, and Jamie Hannigan, the screenwriter, keep something happening in each scene; the pace is swift, except for shots of misty hills and shadowy forests that are lingered over as the ominous score moans." (New York Times) " "Pilgrimage" is often gorgeous, multilingual, pulpily grim and touched by fantasy." (The Wrap) ""Pilgrimage" is a gorgeously shot film that carefully renders the details of this fascinating historical period." (Los Angeles Times) "Brendan...tees up the subsequent moral dilemmas and fights-to-the-death with a combination of emotional intelligence and gory glee." (Flavorwire)
LOVE ETERNAL - Writer & Director	Fastnet Films/IFB/Red Lion/Rinkel Film	"A beguiling and deftly enigmatic tale of dark and haunted love ..." (Screen International) "...a blackly comic tragedy and macabre melodrama rolled into one." (Hollywood Reporter) "Muldowney hits all the right marks – gloomy, deadpan and endearing – with this complex tale of a man who finds reason to live (and love) after flirting with death one too many times." (Indiewire)
SAVAGE - Writer & Director	SP Films/Irish Film Board	".... a bona fide must-see." (The Sunday Independent) "Here's an Irish film with that rare thing: a touch of class." (The Sunday Tribune) "Brendan Muldowney's bracing debut feature, Savage, confronts the ugliness of the rage within us ... " (The Sunday Times)
