

# Terry McDonough

## Director

Terry McDonough is a multi award winning director who's worked extensively across the UK and USA on shows including Cold Feet, Breaking Bad and Better Call Saul.-He was a director on Jimmy McGovern's The Street,-winning him 2 BAFTA awards for-best Drama series, an International EMMY award for best Drama Series and two RTS awards for Best Drama Series. In the same year Terry directed the two part film-Instinct, winning-best Drama Serial at the RTS awards. He was once again BAFTA nominated for directing the beautiful-An Adventure In Space and Time about the story of the creation of Doctor Who in 1963. Most recently Terry picked up a HUGO award for his episode of The Expanse; Leviathan Wakes, winning best dramatic presentation.

Terry's-worked with a host of talent-including John Malkovich, Bryan Cranston and Claire Foy, guiding many of them to their own individual accolades including BAFTA and EMMY awards/nominations for Jim Broadbent and a BAFTA awards/nominations for Gina McKee.
