

Hunter Andrews

Writer

Hunter Andrews is a BAFTA and BIFA nominated screenwriter from Manchester, currently living in London. His debut feature WASTEMAN will be released in cinemas across the UK and the USA in 2026.- He's currently developing several film and TV projects in the UK and abroad.- These include the original script AKA BILLY THE KID with Film 4 & Element Pictures. An adaptation of Geoffrey Household's ROGUE MALE with Searchlight and SunnyMarch. And several other projects.- He's also interested in gaming and new technologies for storytelling, having previously worked creatively with many of the largest game publishers and studios in the world. He also developed the original story for the first-ever VR episode of BBC's DOCTOR WHO, which was Emmy nominated.
